

821—2.10(48A) Alternate (nonmailable) registration forms. An alternate registration form is authorized for the use of voter registration agencies and nongovernmental organizations engaging in registration programs and registration drives. The form shall contain spaces for all of the required and optional information solicited by the standard form, a list of the qualifications to register to vote, a statement to be signed by the applicant that the applicant is eligible to register to vote, and a statement of the penalty for submission of a false voter registration form. The form shall be the same size as the mail-in form available from the registrar. The face of the form shall contain spaces for all the personal information asked of the applicant, along with the attestation and warning. The reverse of the form may contain the list of qualifications, and may contain space for the county commissioner's notations. The form may be printed as a detachable part of a larger piece, or may be printed by itself. Because registration forms are frequently kept for many years, registration forms shall be printed on paper at least as thick as 20-pound xerographic paper.

The intent of this rule is to make available a mechanism for individuals, groups and organizations to conduct registration drives without requiring them to purchase the relatively expensive mail-in registration forms. To that end, the state registrar shall make available, without charge, a limited quantity of forms as determined by the voter registration commission, and camera-ready copies of a form meeting the requirements of this rule.
